Insurance for third party accident liability while using a bicycle can be taken out as an add-on option to other insurance policies such as accident, fire, or car insurance. Also there is insurance that accompanies the TS (Traffic Safety) mark sticker attached to bicycles that have been inspected and maintained by shops registered with the Japan Traffic Management Technology Association. Please check to see if you are already covered by your current insurance policy. For details, please contact the insurance company, insurance agency, or similar entity.

Example of liability when a bicycle rider caused an accident

A fifth-grade boy who was cycling down a slope collided with a woman because he was not looking ahead carefully. The woman fractured her skull and remains unconscious. The court found his guardian to be liable and ordered compensation of about 95 million yen. (July 4, 2013 ruling, Kobe District Court)
